

***City Manager Report to the Winslow City Council
April 30, 2020***

Please refer to the following update on City operations as of April 30, 2020:

- *Phase 1 of the Re-opening of the State Economy has been issued through Governor's Executive Order 2020-33, which expands opportunities for various sectors of business and medical services to re-open while observing social distancing measures. The Order expires on May 15, 2020.*
- *City Offices and all public facilities will remain closed to the public until further notice w/essential services continued.*
- *The City Council budget work session has been rescheduled to June 9, 2020, to consider the City's proposed FY 2021 budget. Location to be determined. This will allow more time for staff to determine the direction of the State and local revenue outlook.*
- *The City Transfer station continues to operate Mondays, Wednesdays, Fridays and Saturdays from 8:00 AM through 4:00 PM, with service limited to addresses within the Winslow Zip Code 86047.*
- *Waste Management will continue regular trash pick-up service and has added an additional pick-up options for City customers on Fridays.*
- *WPD continues to monitor social distancing policies and sanitization measures within all Winslow business establishments until further notice.*
- *Winslow Transit Service will continue operating on its current schedule and the Shop for the Elderly program will continue until further notice.*
- *The Winslow Animal Control Facility remains closed to the public. Routine patrols and animal care within the WAC facility continues on a rotating shift basis.*

- *The Chamber of Commerce will continue reaching out to the tourism and small business sectors to facilitate opportunities for short term grants and loans to sustain operations through each phase of the re-opening of State economy.*
- *We have set up an application portal for the process of applying for ADEMA Disaster Recovery Funding. City staff is working to compile all COVID-19 related costs to be submitted through one City-wide application.*
- *The City management team continues to stay in the loop with our regional partners to keep current on the latest trends in the movement of the COVID-19 virus.*
- *The City will continue to provide updates and information on Social Media and the City website, with periodic updates provided on the condition of the City and the local impact of COVID-19.*
- *We are tentatively scheduling the re-opening of the Winslow Farmers Market on June 6, 2020. This will coincide with our next Community Clean-up scheduled for the same day.*

My sincere thanks to our citizens and business establishments, along with our medical professionals, volunteers and first responders in Winslow for your continued sacrifice. We are beginning to see positive signs of recovery thanks to the collective efforts of all of you!

*John Barkley,
City Manager*
